FREE EXAM LIST FOR ADOPTED DOGS

The following veterinary clinics offer free one-time limited exams for dogs recently adopted from POMDR. POMDR is not affiliated with the following clinics and is not responsible for any expenses incurred as a result of examination. Most clinics will only honor the free exam within 7-10 days of adoption. Please inquire about their policies when you make your appointment. Take a copy of your adoption contract, which should have all vaccine record dates filled out at the top, to the appointment and have your veterinarian request all medical records from any clinics at which your new dog has already been treated while in our care.
